# **ZEV REBATE PROGRAM GUIDELINES**

## **I. AB 2766 Grant Funds Background**

The Eastern Kern Air Pollution Control District (District) receives AB 2766 funds through an “air quality impact” fee collected by the DMV. Revenues generated from AB 2766 are used to reduce air pollution generated from motor vehicles and their related activities.

The District allocates a substantial portion of its AB 2766 funds to the Zero Emissions Vehicle (ZEV) Rebate Program and DMV Grant Program. Both programs provide a mechanism for the fair, unbiased distribution of AB 2766 funds to eligible projects designed to reduce motor vehicle related emissions within Eastern Kern County.

This document is intended to provide guidance pertaining to the ZEV Rebate Program component of the District’s AB 2766 grant programs. If you are interested in applying for an infrastructure, road paving, or public education grant, please see the DMV Grant Program Guidelines (Released October 1).

## **II. ZEV Rebate Program Overview**

Eligible applicants will receive a Rebate of up to **\$4,000**, not exceeding 25% of total cost, for the **purchase** of a **new** ZEV.
