Burn Schedule

	Date	Start Time	End Time	Location
1.				
2.				
3.				
4.				

Type(s) and quantity(ies) of materials to be burned or used to ignite a burn:

NOTE: If the proposed burn duration and/or quantity of materials can be expected to significantly and adversely affect air quality, a Variance from KCAPCD's Hearing Board may be required. If so, you will be immediately notified.

CONDITIONS:

1. Every feasible effort shall be made to minimize the emission of air pollutants from this activity.
2. No burn shall create a public nuisance or threaten public health. (California Health & Safety Code, Section 41700.)
3. Contact APCD Inspector each day before ignition at (661) 862-5250 or _____.
4. Contact local Fire Department each day for permission prior to ignition.

Issued by Eastern Kern APCD Inspector: _____
