SUBJECT: 2011 Motor Vehicle Emission Reduction Program (MVERP) Proposed Agreements

Honorable Board:

At the Eastern Kern Air Pollution Control District's Board meeting of May 12, 2011, your Board approved funding for 15 MVERP project proposals. Staff was directed to develop agreements to implement the 15 projects in the next fiscal year and to bring those agreements back to the Board of Directors for approval.

Agreements for the 15 projects have been drafted, approved for form by County Counsel, and distributed to the project proponents. The 15 agreements will be effective upon the Chairman's signing. A list of the approved projects, which totaled \$323,616 in MVERP funds, is attached.

Annual Emission Reductions Achieved by the Fifteen MVERP Projects	
Eleven Vehicle Replacements:	2410.8 lbs of NMOG + NOx
Two Road Paving Projects:	2.18 Tons of Particulate Mater (PM)
One Bus Shade Canopy:	530.6 lbs of NMOG + NOx
Public Education:	Indirect emissions benefits

Funds for these MVERP projects in the amount of \$323,616 have been included in the proposed Fiscal Year 2011/2012 Budget.

There are four sample agreements attached, one for each of the versions, that are the basis of these agreements. A copy of Exhibit "A" for each of the agreements is also attached, which gives a brief description of the project, funding, and completion date.

IT IS RECOMMENDED your Board approve the 15 2011 Motor Vehicle Emission Reduction Program (MVERP) Agreements and authorize Chairman to sign the Agreements once they are executed and returned by the respective proposers.

Sincerely,

A handwritten signature in black ink, appearing to be 'DLJ', written over a horizontal line.

David L. Jones
