SUBJECT: Adoption of Amendments to Rule 412, (Gasoline Transfer into Stationary Storage Containers, Delivery Vessels, and Bulk Plants)

Honorable Board:

The Eastern Kern Air Pollution Control District (District) is proposing to adopt amendments Rule 412, (Gasoline Transfer into Stationary Storage Containers, Delivery Vessels, and Bulk Plants). On October 20, 2021, the District held a public workshop at the District Field Office and Board Chambers located at: 414 W. Tehachapi Boulevard Suite D, Tehachapi, CA 93561, to present proposed amendments to Rule 412. District staff submitted copies of the proposed amendments to the California Air Resources Board and Region IX of the U.S. Environmental Protection Agency for review. A 30-day public review and comment period followed the workshop. No comments were received.

Rule 412 is being amended to update applicability standards for stationary storage containers including storage containers located at bulk plants with capacities greater than 250 gallons; This Rule also applies to gasoline delivery vessels and those storage containers that are not subject to control requirements of Rule 411. Rule 412 will become effective immediately upon Board adoption. A Notice of Public Hearing was duly published more than 30 days prior this hearing in the following newspapers: Mojave Desert News, Daily Independent, Tehachapi News, and Bakersfield Californian. The notice requested written comments on amended Rule 412 and associated staff reports be submitted by January 12, 2022. A copy of the staff report, which includes the proposed amendments to the rule is attached.

IT IS RECOMMENDED your Board Open Hearing; Receive Public Comment; Close Hearing; Adopt Amended Rule 412, (Gasoline Transfer into Stationary Storage Containers, Delivery Vessels, and Bulk Plants) and Resolution Number 2022-007-01.

Sincerely,

Glen E. Stephens, P.E.
Air Pollution Control Officer
