Honorable Board:

The Eastern Kern Air Pollution Control District (District) is proposing to adopt amendments to Rule 201.1, (Permits to Operate For Sources Subject To Title V of the Federal Clean Air Act Amendments of 1990). On October 20, 2021, the District held a public workshop at the District Field Office and Board Chambers located at: 414 W. Tehachapi Boulevard Suite D, Tehachapi, CA 93561, to present proposed amendments to Rule 201.1. District staff submitted copies of the proposed amendments to the California Air Resources Board and Region IX of the U.S. Environmental Protection Agency for review. A 30-day public review and comment period followed the workshop. No comments were received.

Rule 201.1 is being amended to update the oxides of nitrogen (NOx) and volatile organic compounds (VOC) Major Source threshold to meet the requirements of Severe Nonattainment pursuant to the 2008 Ozone National Ambient Air Quality Standards (NAAQS). Minor corrections have also been made such as capitalization, punctuation, and spelling. Rule 201.1 will become effective immediately upon Board adoption. A Notice of Public Hearing was duly published more than 30 days prior this hearing in the following newspapers: Mojave Desert News, Daily Independent, Tehachapi News, and Bakersfield Californian. The notice requested written comments on amended Rule 201.1 and associated staff reports be submitted by January 12, 2022. A copy of the staff report, which includes the proposed amendments to the rule is attached.

IT IS RECOMMENDED your Board Open Hearing; Receive Public Comment; Close Hearing; Adopt Amended Rule 201.1, (Permits to Operate For Sources Subject To Title V of the Federal Clean Air Act Amendments of 1990) and Resolution Number 2022-001-01.
