SUBJECT: Fugitive Dust Control Grant for Tehachapi Municipal Airport

Honorable Board:

The Eastern Kern Air Pollution Control District (District) receives annual AB 2766 "air quality impact" funds collected through the DMV from each vehicle registered in Eastern Kern County. The District uses these funds for projects related to reducing mobile source emissions necessary to comply with the California Clean Air Act. This includes mitigating mobile source generated fugitive dust.

The Tehachapi Municipal Airport has proposed an eligible project to apply a dust palliative to approximately 20 acres of the Airport. The estimated total cost of this project is \$34,097.72. The District has budgeted funds for such projects. Agreement 03-001-2022 will provide AB 2766 funds for 100 percent of eligible costs, up to a maximum of \$34,097.72.

Three copies of the proposed agreement, a sample copy of which is attached, were sent to the Tehachapi Municipal Airport to approve by signature, and are expected to be returned to the District prior to the Board Meeting. If any significant changes are identified by the applicant, the item will be withdrawn and the Agreement will be held to the May 2022 Board Meeting.

IT IS RECOMMENDED your Board approve and authorize Chairman to sign Agreement 03-001-2022 with Tehachapi Municipal Airport for the AB 2766 fugitive dust control project.

Sincerely,

Glen E. Stephens, P.E.
Air Pollution Control Officer
