SUBJECT: Project 2 Carl Moyer Program Grant Agreement with Muroc Joint Unified School District to Replace a Diesel-Fueled Mower with an Electric Zero-Emission Mower

Honorable Board:

Muroc Joint Unified School District (MJUSD) has applied and qualified for funding through the Eastern Kern Air Pollution Control District (District) Carl Moyer Program (CMP). MJUSD's project 2 will reduce NOx, ROG, and PM emissions by replacing a high-emitting 1997 diesel-fueled commercial mower with a new zero-emission electric mower.

District will pay 80% of the actual costs associated with Agreement 05-003-2022 up to a maximum of \$28,346.00. MJUSD is responsible for any project costs exceeding the District maximum funding amount. The old mower will be permanently removed from service and salvaged once its new electric mower is purchased and placed in service.

Three copies of the proposed agreement, a sample copy of which is attached, were sent to MJUSD to approve by signature and are expected to be returned to the District prior to the Board Meeting. If any significant changes are identified by MJUSD, the item will be withdrawn and the Agreement will be held to the July 2022 Board Meeting.

IT IS RECOMMENDED your Board approve and authorize Chairman to sign Agreement 05-003-2022 with Muroc Joint Unified School District for the purchase of a new electric mower.

Sincerely,

Glen E. Stephens, P.E.
Air Pollution Control Officer
