Board of Directors  
Eastern Kern APCD  
2700 "M" Street, Suite 302  
Bakersfield, California 93301

SUBJECT: California Air Resources Board Carl Moyer Heavy Duty Engine Program Year 25

Honorable Board:

The District received a solicitation from the California Air Resources Board (CARB) in October requesting the District apply for the Year 25 allocation of Carl Moyer Heavy Duty Engine Program (CMP) grant funds. In order to reserve the District's allocation of Year 25 funds, a completed CMP application package, which includes an approved supporting Board resolution, must be submitted to CARB. CARB identified the District's tentative funding allocation of Year 25 funds as \$432,560. This includes \$378,490 for eligible projects and \$54,070 for administrative costs. The District is required to provide DMV AB 923 matching funds of \$64,884 in order to obtain the full allocation of Year 25 funds.

District staff is recommending your Board adopt Resolution 2022-001-11 and authorize the Air Pollution Control Officer (APCO) to complete and submit the Year 25 CMP application package to CARB. The application package will request the full allocation of \$432,560. A copy of CARB's Year 25 tentative allocation and application are attached.

**IT IS RECOMMENDED** your Board adopt Resolution No. 2022-001-11 requesting \$432,560 in Year 25 Carl Moyer Program funds; authorize the APCO to submit the application requesting said funds; sign the award letter; and do all other acts necessary to reserve and receive the Year 25 funds.

Sincerely,

Glen E. Stephens, P.E.  
Air Pollution Control Officer
