Bakersfield, California 93301

SUBJECT: Carl Moyer Program Grant Agreement with Stratolaunch, LLC to Install Electric Vehicle Charging Infrastructure

Honorable Board:

Stratolaunch, LLC (Grantee) has applied for funding through the Eastern Kern Air Pollution Control District (District) Carl Moyer Program (CMP). The CMP provides funding for vehicle related emission reduction projects, which includes installing electric vehicle infrastructure.

The Grantee has proposed an eligible CMP project to install thirty (30) Level II electric vehicle charging stations at their aerospace facility in Mojave. Agreement 07-007-2025 will provide CMP funds for 50% of the total eligible project cost, up to a maximum of \$150,000.00. The total estimated project cost is \$300,000.00. The Grantee is responsible for all costs exceeding the grant amount.

Three copies of the proposed agreement, a sample copy of which is attached, were sent to the Grantee to approve by signature and are expected to be returned to the District prior to the Board Meeting. If any significant changes are identified by the Grantee, the item will be withdrawn, and the Agreement will be held to the September 2025 Board Meeting.

IT IS RECOMMENDED your Board approve and authorize Chairman to sign Agreement 07-007-2025 with Stratolaunch, LLC to fund the electric vehicle charging infrastructure project.

Sincerely,

Gary Ray, Jr.
Air Pollution Control Officer
