## EASTERN KERN AIR POLLUTION CONTROL DISTRICT (9149)

### Functional Statement Fiscal Year 2024-2025

Eastern Kern Air Pollution Control District (District) is a “Special District” headquartered in the Kern County Public Services Building with a boardroom and office in Tehachapi. The District has jurisdiction over the eastern (high desert and mountain) portions of Kern County; the San Joaquin Valley APCD has jurisdiction over the valley portion of Kern County.

The District is currently authorized for twelve staff positions, including the Air Pollution Control Officer (APCO). The primary function of the District is to regulate air pollutant emissions from stationary sources to protect public health. The California Air Resources Board and the U.S. Environmental Protection Agency have jurisdiction over mobile sources. The District has three interacting groups: Engineering, Compliance/Technical Services, and Administration.

#### Engineering

Air Quality Engineers conduct Authority to Construct evaluations for new and modified sources of pollution; implement the District’s air toxics program (AB2588); maintain the District’s emissions inventory; provide engineering expertise to staff; develop rules; assist in plan development; execute special projects; assist in grant programs; assist in plan development; and engage in public education.

#### Compliance/Technical Services

Air Quality Specialists inspect stationary sources of pollution for conformance with District Rules and Regulations; investigate public complaints; monitor air quality; conduct equipment startup inspections; oversee emissions testing; regulate open burning; develop rules; conduct special studies; assist grant program applicants; assist in plan development; and engage in public education.

#### Administration

The APCO leads, guides, and directs the department. The Air Quality Administrative Manager provides personnel, payroll, purchasing, and budget support. Air Quality Office Support Specialists serve as receptionists, secretaries to staff, file clerks, Governing Board Secretary, in addition to providing billing and permit processing support.

Other professional services provided to the District at cost include the following: Information Technology Services, Legal Counsel, Garage Services, other Kern County departments, and etc.

#### Boards and Committees

The Eastern Kern Air Pollution Control District has a Governing Board consisting of two County Supervisors (Districts I and II) and representatives from the three cities (Ridgecrest, California City, and Tehachapi). The three cities are located within, and segments of Supervisory Districts I and II coincide with Eastern Kern Air Pollution Control District jurisdiction. In addition, the District Board has appointed a Variance Hearing Board.
