

RULE 410.2 Disposal and Evaporation of Solvents - Adopted 4/18/72, Amended 1/9/79,
Renumbered 5/89, Rescinded 9/1/22

- I. A person shall not during any one day dispose of a total of more than 1 1/2 gallons of any photochemically reactive solvent as defined in Rule 410.X., or of any material containing more than 1 1/2 gallons of any such photochemically reactive solvent into the atmosphere.
